DETAILED ACTION

Allowable Subject Matter

1. Claims 1- 19 are allowed.
2. The following is an examiner's statement of reasons for allowance: The Claims as amended are allowed with respect to Applicant's arguments dated 7/5/07. The prior art of record Reichmeyer teaches the control elements providing configuration information and passively monitoring the network environment for potential changes. Gandolfo teaches where the address of a control element is provided by neighboring elements. However, The prior art of record does not teach wherein the neighboring elements request initiation of wireless connections between the access elements and tunneling the traffic corresponding to the wireless connection to the selected control element.
3. Therefore, claims 1-19 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
